

Setting up FirstClass Mobile on your iDevice

FirstClass Mobile is a free download from the **App Store** (preferably via your mobile device).

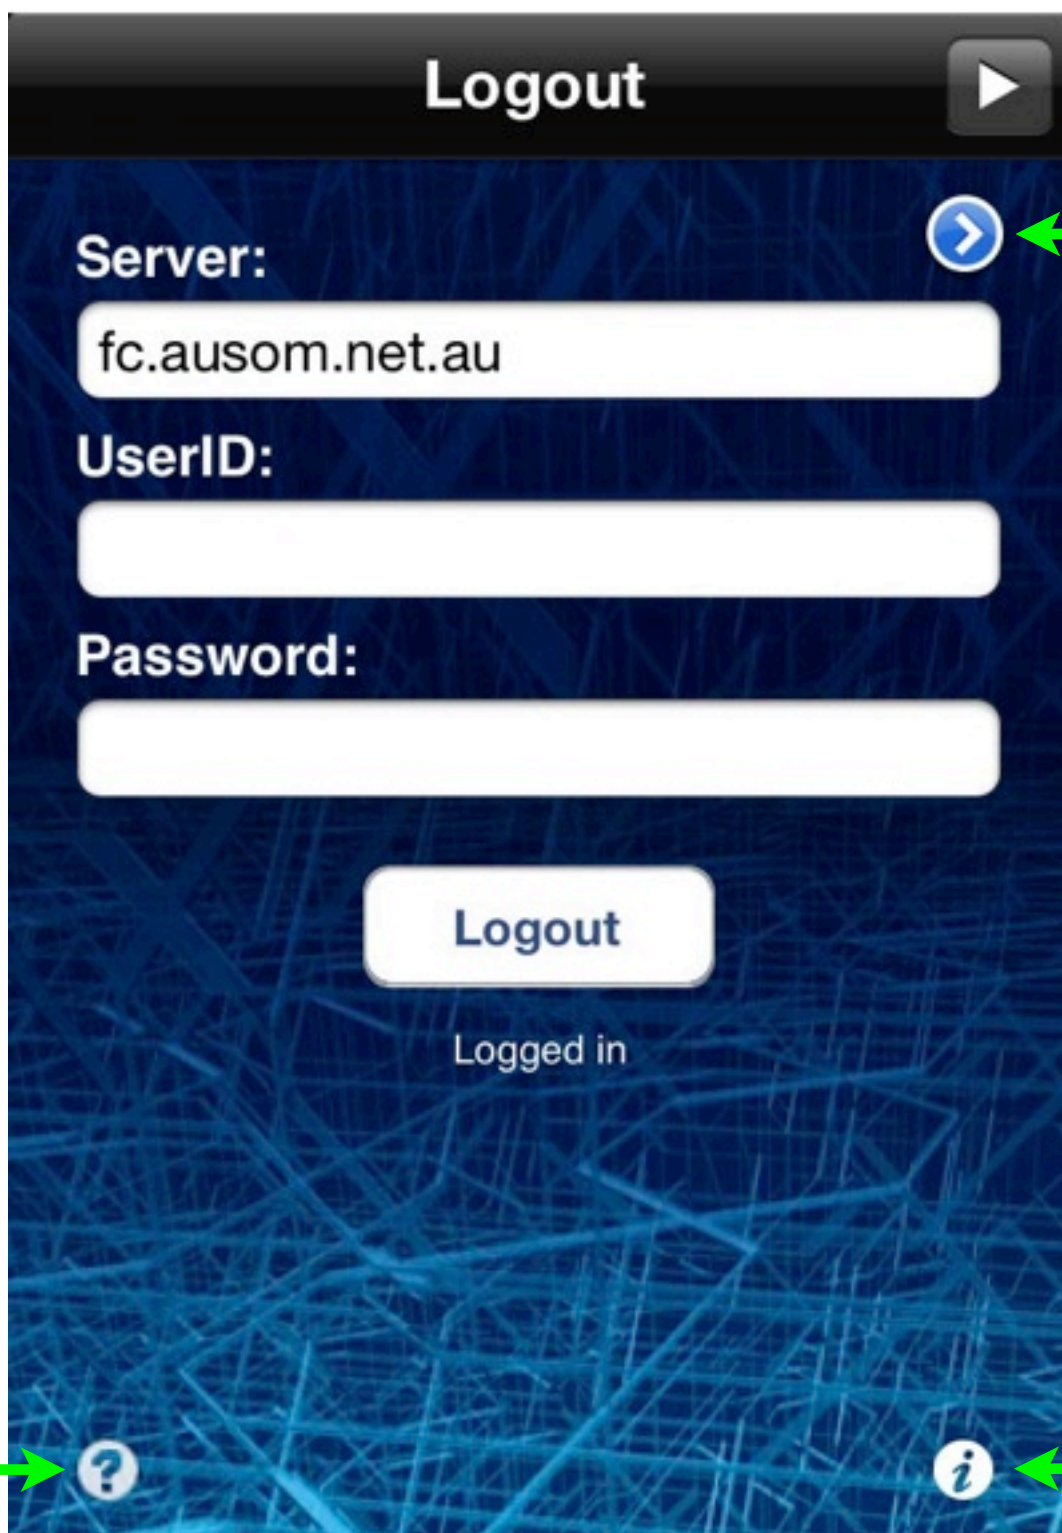

Once the download is complete, follow the simple instructions below to configure your iPad™, iPhone™ or iPod Touch™.

1. Tap on the **FirstClass** icon to open it.

- 2a. Enter the server name - **fc.ausom.net.au**
- 2b. Enter your **User ID** (enter *guest* if you are not a paid subscriber)
- 2c. Enter your **Password** (enter *guest* if you are not a paid subscriber)
[if you do not know your User ID or Password write to office@ausom.net.au]

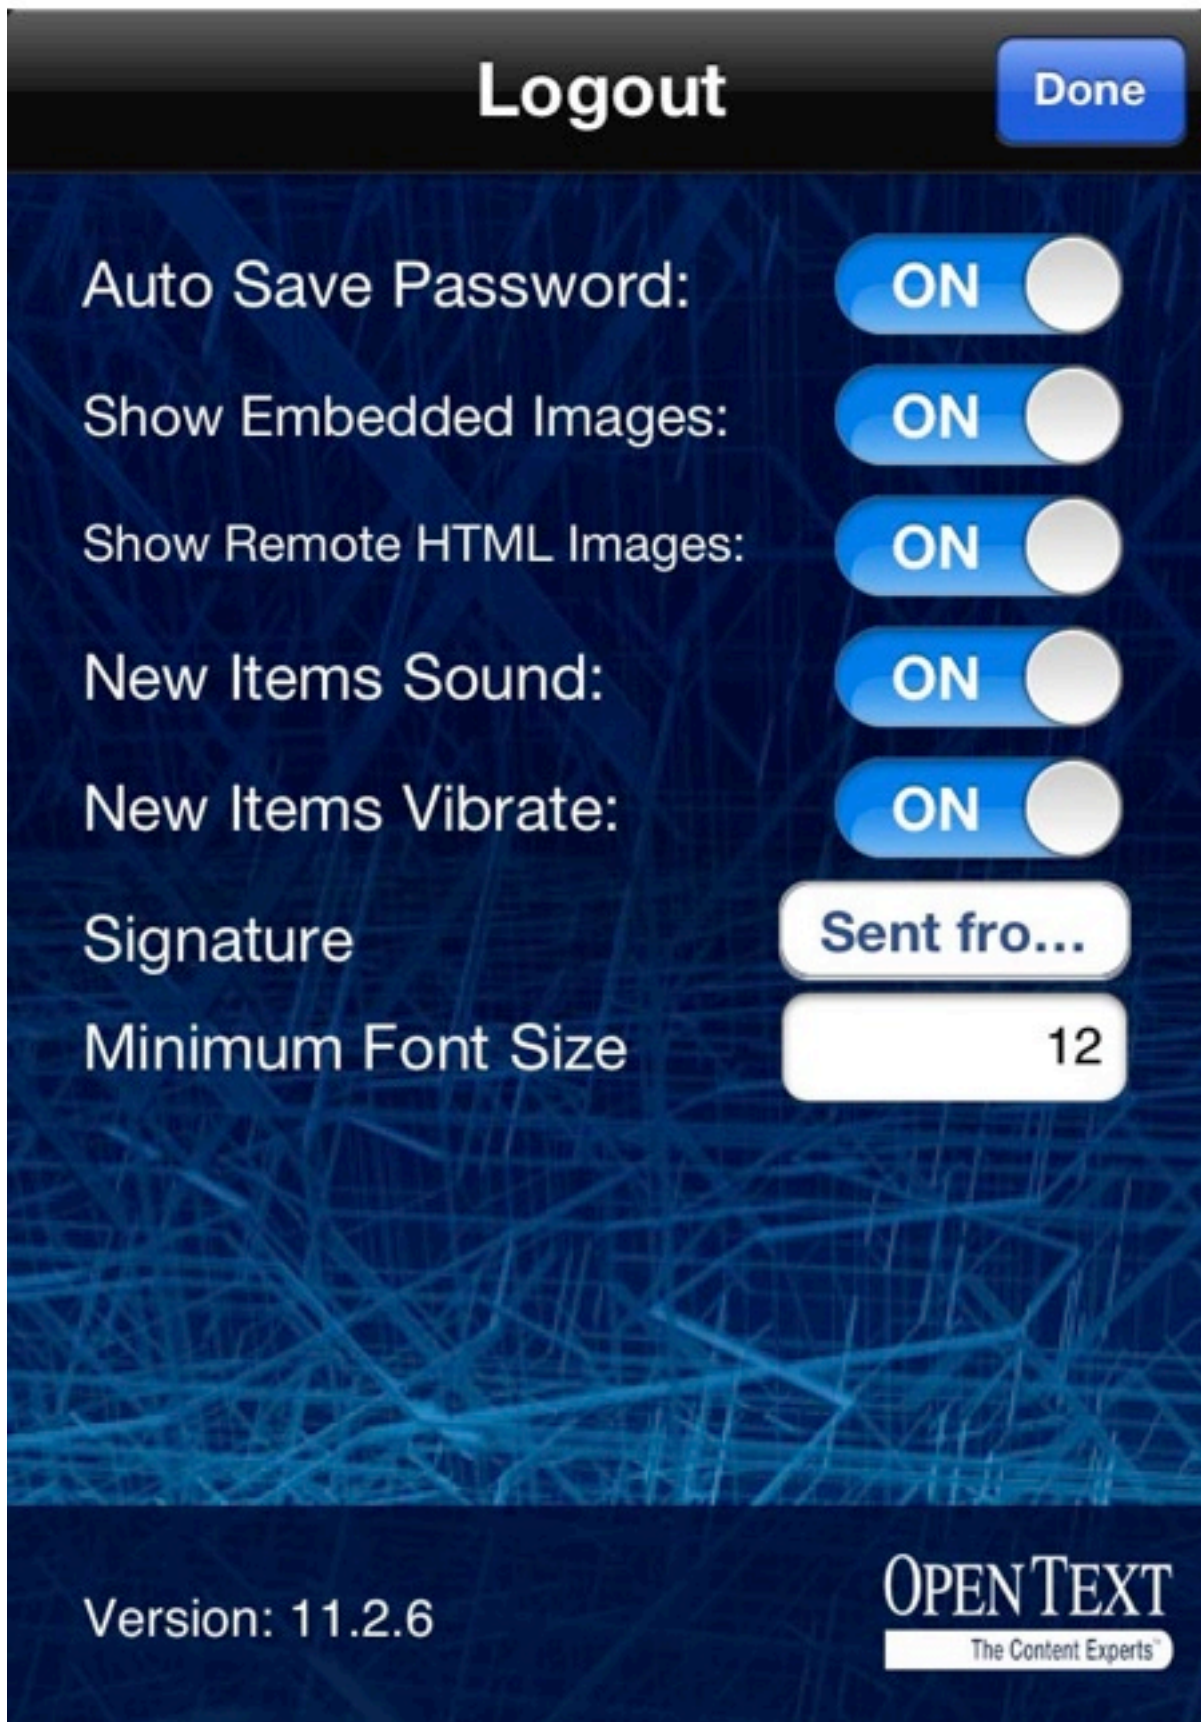

This arrow button will allow you to choose between multiple saved server logins.

The '?' button leads to the screen on page 4.

The 'i' button leads you to the screen on page 3

This screen allows you to set a few **basic configuration** options (from the 'i' button).

This screen contains lots of **help** (from the '?' button).
